

James, Upside

Send seasonal greetings from nowhere
Im working and playing away
Remember the moment of leaving
Yesterday, yesterday

Roll through these towns
Over seas, over mountains
Lucky to work
When work is scarce
Father must feed
Must provide
He must fountain
Left my heart within your care

Upside: love you
Downside: miss you
Im here you are there.
Upside: working
Downside: hurting
Hear my echo
Dancing bear

Connected to you by a mobile
What I cant do, I can say
Away from you Im feeling empty
I am raining, I am grey

Upside: love you
Downside: miss you
Im here you are there.
Upside: working
Downside: hurting
Hear my echo
Dancing bear

My works about words
And sounds you can taste
Violins and trumpets
Chocolate cakes
Here are some words
Words you can taste
Here are some words
Kissing your face

Upside: love you
Downside: miss you
Im here you are there.
Upside: working
Downside: hurting
Hear my echo
Dancing bear
