

James Young, Don't Get Mad

Is it haze or just illusion
What'd I say that's so amusing?
What was love is now confusion
Listen to me
Heart breaks heart it's never even
Lie meets lie now what's the reason
Pain inside I gotta leave it
Time for action

'Cause I don't get mad I get even
No I don't get mad I get even

Way down in from the surface
Mad man lives deep within us
When did life become a circus?
Can you hear me
Fire burns it's getting stronger
Can't hold back, now how much longer
Eyes closed tight but I can see you
Stand and face me

'Cause I don't get mad I get even
And it's my desire, what I believe in
No I don't get mad, I get even

Break down dawn on the horizon
Flame on flame temperature rising
Steel meets flesh it's compromising
Just you watch me
Nights are long when you're the reason
Sweat no sleep just heavy breathing
No sweet dreams just getting even
Can you stand it?

'Cause I don't get mad I get even
And it's my desire what I believe in
No I don't get mad I get even
And it's eye for eye, even Steven
