Jamestown Story, I hope You're pround

It hurts so much to see you with him I can't begin and now I long just for a kiss, it's you I miss Why can't you try to see that I am you, and you are me But you've moved on and now I'm gone, goodbye Someday I will too I don't need you and I because this is life You raped my mind and tore my heart I hope your proud I'm now unblind a fresh new start what to do now Why can't you try to see that I am you, and you are me But you've moved on and now I'm gone, goodbye Someday I will too I don't need you and I 'cause this is life Make the pain go away, go away for me Make the pain go away, go away for me
