

Jamey Johnson, Place Out On The Ocean

Hangin' with the two-bit ladies
Soakin' up the Florida sun
Ridin' in a new Mercedes
Wondering if i ever did anything to have this much fun
I hope I'm sane by the time I'm done...

Cuz it's a different horizon
It's a paradise I find that sets me loose
Ain't it the truth...
It's a place out on the ocean
It's a mansion with a view
But all that I can think about is you

I been riding down a two-lane highway
For pretty much all of my life
Trying to do things my way
Wondering if I'll ever get anywhere but where I came from
I hope I'm sane by the time I'm done...
Hmm...

Cuz it's a different horizon
It's a paradise I find that sets me loose
Ain't it the truth...
It's a place out on the ocean
It's a mansion with a view
But all that I can think about is you
