

Jami Smith, Glory And Joy

Father let your will be done
God speak it through your son
Holy spirit make it breathe
Breathe your life into me

It is for freedom that you have set us free
And it is in freedom we sing

You are our hope and glory
Lover of the unworthy
Giving joy to this desperate heart in me

Thank you abba father
We are your sons and daughters
Rejoicing in you forever
You are our glory and joy

In you all things are made new
Old lies cast away for truth
The lame can walk the blind can see
Breathe your life into me
