

# Jamie Cullum, But For Now

Sure I know you'd like to have me  
Talk about my future  
And a million words or so to fill you in 'bout my past  
Have I sisters or a brother?  
When's my birthday, how's my mother?  
Well my dear in time I'll answer all those things you ask

But for now I'll just say I love you  
Nothing more seems important somehow  
And tomorrow can wait come whatever  
Let me love you forever but right now  
Right now

Some fine day when we go walking  
We'll take time for idle talking  
Sharing every feeling as we watch each other smile  
I'll hold your hand you'll hold my hand  
We'll say things we never had planned  
Then we'll get to know each other in a little while

But for now let me say I love you  
Later on there'll be time for so much more  
But for now meaning now and forever  
Let me kiss you my darling then once more  
Once more

But for now let me say I love you  
Later on I must know much more of you  
But for now here and now how I love you  
As you are in my arms I love you  
I love you  
I love you
