## Jamie Cullum, You And The Night And The Music

You and the night and the music Fill me flaming desire Setting my being completely on fire You and the night and the music Thrill me but will we be one After the night and the music are done

Until the pale light of dawn and in daylight Hearts will be throbbing guitars Morning will come without warning and take away the stars If we must live for the moment Love 'til the moment is through After the night and the music die Will I have you?

Until the pale light of dawn and in daylight Hearts will be throbbing guitars Morning will come without warning and take away the stars If we must live for the moment Love 'til the moment is through After the night and the music die Will I have you?
