Now that the time is finally approaching
Baby I'm from H-town and sho' hopin
That ya legs and mind were both open
Time to get down and grind in slow motion
Could leave with a few lil' broads
Could carpool in my pull a cost
Tonight I'm tryin to make you my choice
Tryin to make you scream till you lose ya voice

Yes yes man Im a Southern Texan
Click click blam sex is my weapon
When it comes to sex, I can be the best man
Have sex with the best that should be your next plan
Text messages on the way to my celly
Drippin already no KY Jelly
[It seems like your ready, hop into my Chevy]
Tell me I'm lyin if you ain't eyin me
Through them shades it's like you ain't spyin (no)
You ain't shy (no)
You ain't shy and wet like a waterfall (no)
You ain't dryin
I'm so into who
I'm so into you
I don't really gotta try convincing you
Cause ya body language is telling me that
You got the answer for me like I'm an interview
True
When I'm grindin with you
Here my words as I kiss your curves
Grindin slow so I don't miss a spot
And this song is croo so you don't miss a word
Lift your shirt, drop your stress
And lets gets ready to do our thing
You'll be lovin the pain
You'll be sayin the name
So go and say it again
