"Whassup, man?"

"What up?"

"Can you believe I went in this mothafucking place and this, this arrogant son of a bitch behind

"Rock star"

"No, I, no, a superstar, a rock star none the less, but a superstar, yes, no, and, and what I do

"No!"

"I got one car! And it's got a flat tire and a fucking broken rear view mirror"

"I got two cars"

"You got two cars?"

"But still..."

"You might be a superstar"

"No"

"I seen you flying around the hood"

"No!"

"You might be a superstar"

"Never!"

"Ok, well look, so I don't understand that shit, basically that shit ain't shit to me, I ain't a mothaf

"You might be a rock star. Ya know, maybe a rock star"

"You could be a rock star. With a little bit of effort and a video. I can work you into some A&ar

"Nice"

"Warped Tour, baby"

[Chorus:]

Superstar, you ain't shit

Superstar, you ain't shit

Everybody come on

Superstar, you ain't shit

Superstar, you ain't shit (Say what?)

Superstar, you ain't shit

Superstar, you ain't shit

Everybody come on

Superstar, you ain't shit

Superstar, you ain't shit

Don't let it go to your head

[Monoxide Child:]

I'm rocking a phat ass mink, and some chipped sunglasses

So sweet and sticky they call me Lil' Molasses

Don't let it fool you though, I'm a neck slitter

Chest hair permed, all covered in glitter

I got bitches falling out of my pockets at all times

Lying on me, spreading these rumors, to all kinds

Hating on me, leaving these people with false lines

Bitch, you must be out your goddamn mind

Understand I'm the mothafucking shit, bitch

And you ain't got to say it, I can see it on your lips, please

Put my dick on a hot dog bun and put that in your mouth

And keep my name off your tongue, hoe (BIATCH!)

Pink fun in that Twiztid thong

I got my homie in the car waiting all night long

I ain't shit (Yeah)

You can let the whole world know

The only way I gets some pussy's if the bitch is a hoe (Eat a dick)

[Chorus:]

Superstar, you ain't shit

Superstar, you ain't shit

Everybody come on

Superstar, you ain't shit

Superstar, you ain't shit (Say what?)

Superstar, you ain't shit

Superstar, you ain't shit

Everybody come on

Superstar, you ain't shit

Superstar, you ain't shit

Don't let it go to your head

[Jamie Madrox:]

Superstar with the boots and a big old dick  
Neck, chest, and dick tip covered in lipstick  
Rhinestone sunglasses  
Nipples tells us about them tender young asses  
And fucking in a casket  
We like ass with bounce to the ounce  
All you lame hoes go and ask your friends  
what I'm talking about  
Light built, with dollar bills  
Got a chauffeur with a limo  
I ain't never touch a steering wheel  
Besides I'm too fine to drive  
And after the show it's about getting high  
Let's talk about you for a second  
Then let's talk about me for an hour and a half  
Oh yeah, here go that autograph you asking about  
Don't forget to flash your titties on the way out  
See, I'm a superstar, hell I'm on my own dick  
Even though I ain't shit  
And everybody know it  
[Chorus: x2]  
Superstar, you ain't shit  
Superstar, you ain't shit  
Everybody come on  
Superstar, you ain't shit  
Superstar, you ain't shit (Say what?)  
Superstar, you ain't shit  
Superstar, you ain't shit  
Everybody come on  
Superstar, you ain't shit  
Superstar, you ain't shit  
Don't let it go to your head
