

Jamie Stevens, I'll Be There

verse 1:

You have been hurt
And now you think love's a big cheat
But I know if you allow me I'll prove you wrong
Don't be afraid of the love you have for me
Lay it bare and let things happen
Be aware- we need half a chance

chorus:

If you're restless, I will follow you
If you're weak I'll give you strength
If you can't go on I'll see you through
I'll be there, I'll be there, I'll be there

verse 2:

Trust in me baby

I would never let you down
And I swear my love's the cure for your broken heart
(Let me cure your broken heart)
I want you so
I will read the wishes in your eyes
And I will chase the dark clouds away if you give me one more chance

repeat chorus 1

chorus 2:

If the world seems to be down on you, if you're badly off for help, if you need someone to comfort y

Let me cure your broken heart, I'm gonna be, I'm gonna be, I'm gonna be there. Boy you know I'm

Bridge to fade.
