

Jamiroquai, Canned Heat

You know this boogie is for real
I used to put my faith in worship
But then my chance to get to Heaven slipped
I used to worry about the future
But then I threw my caution to the wind
I had no reason to be carefree
No no no until I took a trip to the other side of town
Yeah yeah yeah you know I heard that boogie rhythm
Hey - I had no choice but to get down down down
Dance - nothing left for me to do but dance
Off these bad times Im going through just dance
Got canned heat in my heels tonight baby
I feel the thunder see the lightning
I know this angers heaven-sent
So Ive got to hang out all my hang-ups
Because of the boogie I feel so hell-bent hey hey
Its just an instant gut reaction that I got
I know I never ever felt like this before
I dont know what to do
But then thats nothing new
Stuck between hell and high water
I need a cure to make it through
Nothing left for me to do but dance
Off these bad times Im going through just dance
I got canned heat in my heels tonight baby
You know know know Im gonna dance yeah
Off the nasty things that people say
Dance yeah but Im gonna make it anyway
Dance yeah got canned heat up my heels tonight baby
You know Ive got canned heat in my heels
You know this boogie is for real
Only the wind can blow the answer
And she cries to me when Im asleep
She says you know that you can go much faster
I know that peoples talk can be so cheap
I got this voodoo child inveined on me
Im gonna use my power to ascend
You know I got these running heels to use
Sometimes theres no way I lose
I was born to run and built to last
Youve never seen my feet cause they move so fast
Dance yeah hey nothing left for me to do but dance
Off these bad times Im going through just dance hey
Got canned heat in my heels tonight baby
Hey Ive got to dance yeah
Off the nasty things that people say
Dance yeah but Im gonna make it anyway
Dance yeah got canned heat in my heels tonight baby
You know this boogie is for real got
So much canned heat in my heels yeah
Gonna dance gonna dance my blues away tonight
You know Im gonna dance my blues away
You know this boogie is for real got
So much canned heat in my heels yeah
Gonna dance gonna dance my blues away tonight
