

Jamiroquai, Travelling Without Moving

Get down, right on

Get down.

I know all we're doing is travelling without moving, hey hey

I know all we're doing is travelling without moving.

Can't stop, no!

I know all we're doing is travelling without moving, hey hey

I know all we're doing is travelling without moving.

Speed freak faster than a speedin' bullet, slow down,

if I don't, if I don't I might just lose it locked up

you've got me honey locked up under heavy brackin' yeah,

yeah you know I've got to hang on

drive to fast I might be last oh yeah
