

# Jan Howard, Fallen Star

A star fell from heaven right into my arms the brightest star I know I've never seen  
Then I found out that it was only you with all your charms  
Who came into my life to fill a dream  
A fallen star that's what you are the twinkle in your eye came from the sky  
You must have strayed from the Milky Way a fallen star that's what you are  
[ piano + steel ]  
A fallen star that's what you are...  
A fallen star that's what you are
