

# Jan Howard, If I Cried Every Time You Hurt Me

If I cried every time you hurt me I'd be crying all the time  
If I made a scene each time you're mean we'd be quarrellin' all the time  
But I don't cry and I don't get mad I try to take the good with the bad  
If I cried every time you hurt me I'd be crying all the time

[ guitar ]

Now and then you say you love me and I try to believe it's true  
Then you turn right around and hurt me like I was nothing to you  
But I love you so and I'll stay somehow my tears won't flow and my head won't bow  
If I cried every time you hurt me I'd be crying all the time  
Oh I'd be crying all the time
