## Jan Howard, Someday We'll Be Together

Someday we'll be together say it say it say it again Someday we'll be together yes we will yes we will

You're far away from me my love But just as sure my baby as there are stars above

(Mhm) someday we'll be together yes we will yes we will Someday we'll be together yes we will I know we will

My love is yours baby right from the start You possess my very soul and I know I know you own my heart

(And I know that) someday we'll be together yes we will yes we will Someday we'll be together yes we will I know we will A long time ago I made a big mistake and I said goodbye Ever since that day all I wanna do is sit and cry

I long for you every night just to kiss your sweet sweet lips and hold you so tight

Mhm someday we'll be together say it say it say it again Someday we'll be together say it say it say it again Someday we'll be together say it say it say it again Someday we'll be together yes we will
