

# Jan Howard, Take Me To Your World

If you can find it in your heart to just forgive  
I'll come back and live the way you wanted me to live  
All I want is just to be your girl please come and get me and take me to your world  
Take me to your world away from barrooms filled with smoke  
Where I won't have to serve a drink or hear another dirty joke  
All I want is just to be your girl please come and get me and take me to your world  
[ guitar ]  
Take me to your world make me forget the things I've heard  
Where people say I love you and love is not a dirty word  
All I want is just to be your girl please come and get me and take me to your world
