

Jan Howard, We Had All The Good Things Going

It wasn't very long ago we had a love few people know
And everything was going oh so fine
I've trusted you you've trusted me the way that it's supposed to be
But love slipped from us somewhere down the line
We had all of the good things going baby you know we did they were so kind
Enjoying the taste of the good life we all look for but few can't find

Now it's gone but we can't understand how love could slip right through our hands
On down the line things seem so very right
Our love went on for all these years we both knew that we were sincere
Then it was gone just over night
We had all of the good things...

Now that we've gone our separate ways I still recall those brighter days
The days that didn't seem so very long
Neither of us are to blame we only know that it's a shame
That all that we had going now is gone
We had all of the good things...
We had all of the good things...
