

# Jane's Addiction, Had A Dad (Outtake)

Had a dad  
Big and strong  
Turned around  
Found my daddy gone  
He was the one  
Made me what I am today  
Its up to me now  
My daddy has gone away

Well I spoke to the mountain  
I listened to the sea  
Both told me that fountain  
Was the best that you can be  
My daddy's hand it growed  
Slow to the lickin'  
Sonny boy  
Grow to whip him

If you see my dad  
Tell him my brothers  
All gone mad  
They're beating on each other  
I walked around  
Even tried to call  
Got that funny feeling

He's not there  
At all...
