

# Jane Wiedlin, Inside A Dream

This is not an easy life  
It's hard to hang on to hope  
There's so many things that need to change  
Well I wonder how we'll cope

But I know where to go  
Run away, run away

(chorus)  
And lose myself inside a dream  
Opening up a secret door  
I lose myself inside a dream  
And find a world worth living for (living for)

There is way too much to grasp  
Am I losing hold  
In a world full of many problems  
I feel no control

(chorus twice )

Only a dreamer  
Can keep the dream alive  
I'll work and pray and sweat and slave  
Until the dream is realized

(chorus until fade)
