

Janet, Funny How Time Flies (When You're Having Fun)

Il me plait d'être avec toi je ne sais pas où... où le temps s'est enfui. Oh je t'aime mon chéri.
(I like to be with you. I don't know where... where the time has flown Oh, I love you baby.)

Chorus:

Funny how time flies when you're having fun
Funny how time flies when you're having fun

I don't know where it all went
Time passed us by
Just when it seemed the fun began

Repeat Chorus

But time never ends
Let's find the time to get together once again
Someday soon

Repeat Chorus

Don't you ever leave
Don't you ever go
Say you'll love me so

Je ne sais pas où le temps s'est enfui. Il me plait d'être avec toi.
(I don't know where the time has flown. I like to be with you.)
