

# Janet, Got Till It's Gone

Now why you wanna go and do dat love huh  
Now why you wanna go and do dat huh do that  
Now why you wanna go and do dat love huh  
Now why you wanna go and do dat do dat do dat  
I like this song huh

What

Don't it always seem to go that you don't know what you've got till  
it's gone

Repeat 3x

You don't know what you've got till it's gone

I've a feeling

Now believing

That you were the one I was meant to be with

Oh how I'm wishing, thinking dreaming, of you to love

That I was meant to be

That way

Got till it's gone (on and on)

Got till it's gone (on and on)

Yeah, yeah, yeah

Don't it always seem to go, that you don't know what you've got till  
it's gone

Repeat 3x

oh oh

What

Joni Mitchell never lies (lies, lies)

You never know what you've got till it's gone

I could turn back hands of time (mmm)

Make you fall in love with me again

So would you give me another chance to love

To love you the right way, come again

Got till it's gone (on and on)

Got till it's gone (on and on)

Joni Mitchell never lies

Don't it always seem to go, that you don't know what you've got till  
it's gone

Repeat 3x

What's that

Uh huh Yeah

Let me just wait it for a minute (don't know what you've got till it's  
gone)

What

Now you realisin' when the nights go long

Right

Can't wait for to to say when you know that I'm wrong

Right

Get back for awhile

When I tell you to settle

I was working round the clock

But you girls' win the medal (I heard..I heard)

Talk about I heard you smith

But just check on the beat

That was out with the time

But my love you impeach

Now you're looking at the wall

..a hand cold

Breakin' in my house

Hangin' up then imposing

Now why you wanna go and do dat love, huh

Now why you wanna go and do dat huh

Now why you wanna go and do dat love, huh

Now why you wanna go and do dat, do dat, do dat

Don't it always seem to go, that you don't know what you've got till  
it's gone

Yeah, yeah, yeah

Have you ever realized  
Joni Mitchell never lies  
Don't know what you've got till it's gone  
Repeat and fade..
