

Janet Jackson, All Nite

This is sick
"Attention it's time to dance..."

Work it like you're working a pole
Shake it 'til you're shaking the floor
Pop it like you're poppin' a cork
Don't Stop, Don't Stop
Jerk it like you're making it choke
Break it like you're breakin' a code
Drop it till you're taking it lower
Drop it, drop it...

This is serious
I'm delirious
So oblivious
I could dance all night
With you
As long as its funky
This rhythm just makes me high
I'm like a junkie
I could dance all night

So intoxicated
I'm so stimulated
Fell so X-rated
I could dance all night
As long as it's funky
This rhythm just makes me high
I'm like a junkie
I could dance all night

Everybody on the floor (Let's go)
Let's get hardcore (Get low)
Make my sweat pour (Oh no)
Don't stop (Gimme some more)
Ooh my body's yours (spank that)
Spank that back door (like that)
Drive me like a Porsche' (yea)
I could dance all night
Can we take this party higher?
Now just put your hands to the sky and
Clap, clap, clap, clap
I could dance all night
