

# Janet Jackson, Love & My Best Friend

Chorus:

Love and my best friend  
Nothin' better can be found  
To make the world go 'round  
We keep each other's secrets hid  
Go on to talk for hours  
Never tiring of the closeness  
Only friends can share  
We cross our hearts hoping to die  
If fate should separate us  
But we have on never change  
Nothing can compare to  
Repeat chorus  
You're the special one I turn to  
For some help and understanding  
When the world gets too demanding  
You're always there  
To guide me when I'm wrong  
Support me when I'm right  
For you I'd do the same  
Because I care for  
Repeat chorus
