

# Janet Jackson, Luv

I've been down this road before  
I know it very well  
And I just can't believe I got struck  
I didn't see ya (comin')  
Like I was (blindfolded)  
I'm caught up in (collision)  
And now I'm so done

You crept up like a spider  
I got caught in your web  
And there was no way to escape  
I tried to switch (my lane)  
But then I hit (my brakes)  
Sparks turned into (flames)

I shoulda stopped at the red light 'cause  
Now I'm like a deer caught in headlights  
Ugh, he hit me with his love, love, love, love, love  
He hit me with his (love)  
And now I'm in love, love, love, love

Got me caught in a wreck, I'm a mess  
Got me caught in a wreck, I'm a mess  
Got me caught in a wreck  
Somebody call the paramedics 'cause  
He hit me with his love, love, love, love

I was grippin' the road  
Just knew I had control  
So how did I end up gettin' hit  
I had on my (belt)  
I checked it (myself)  
So how in the (world) did I get caught

I had the right of way  
The signs you saw you disobeyed  
(It was your fault)  
I can't believe the way you impacted my heart  
I think I should sue ya

I shoulda stopped at the red light 'cause  
Now I'm like a deer caught in headlights  
Ugh, he hit me with his love, love, love, love, love  
He hit me with his (love)  
And now I'm in love, love, love, love

Got me caught in a wreck, I'm a mess  
Got me caught in a wreck, I'm a mess  
Got me caught in a wreck  
Somebody call the paramedics 'cause  
He hit me with his love, love, love, love

You caught me by surprise  
I can't believe that I'm falling for this guy  
Somebody call the cops 'cause I'm going flat line  
You caught me by surprise  
I can't believe that I'm falling for this guy  
Somebody call the cops 'cause I'm going flat line

I shoulda stopped at the red light 'cause  
Now I'm like a deer caught in headlights  
Ugh, he hit me with his love, love, love, love, love  
He hit me with his (love)  
And now I'm in love, love, love, love

Got me caught in a wreck, I'm a mess  
Got me caught in a wreck, I'm a mess  
Got me caught in a wreck  
Somebody call the paramedics 'cause  
He hit me with his love

He crashed into my heart  
He crashed into my heart  
Somebody call the paramedics 'cause  
He hit me with his love

He crashed into my heart  
He crashed into my heart  
Somebody call the paramedics 'cause  
He hit me with his love

He crashed into my heart  
He crashed into my heart  
Somebody call the paramedics 'cause  
He hit me with his love, love, love, love, love
