

# Janet Jackson, Make Me

I see what you're doing  
Come here  
So you think you're ready?  
I just need you to...

Hook

Baby can you move, make me groove,  
Show me what you do, make me move,  
Baby can you move, make me groove,  
Show me what you do, make me move,  
Baby make me...

You came here to save the party  
Tell me what's the deal  
Gon' get up and shake your body  
C'mon and take me there

Pre Hook

Ain't nobody else like you  
Only you got the moves you do  
Ain't nobody else move like you  
Only you got the grooves to prove it baby  
We're gonna have a good time  
Me and you gon' get it tonight

Hook

Baby can you move, make me groove,  
Show me what you do, make me move,  
Baby can you move, make me groove,  
Show me what you do, make me move,  
Baby make me...

Don't stop it baby  
Don't stop till you get it up (4x)

I see you against the wall boy  
What you waiting for  
I want you to take control now  
Get up on the floor

Pre Hook

Ain't nobody else like you  
Only you got the moves you do  
Ain't nobody else move like you  
Only you got the grooves to prove it baby  
We're gonna have a good time  
Me and you gon' get it tonight

Hook

Baby can you move, make me groove,  
Show me what you do, make me move,

Bridge

It's getting hot in here  
Just how I like  
We gon' dance it up  
Until we see the light  
If you feel like I feel you can get it tonight  
But first you gotta make me say...  
Ooooooh... Make me (make me), baby, make me say  
Ooooooh... Make me (make me), baby

Hook

Baby can you move, make me groove,  
Show me what you do, make me move,  
Baby can you move, make me groove,  
Show me what you do, make me move,  
Baby make me (2x)

Outro

Don't stop it baby  
Don't stop till you get it up (4x)
