

# Janet, Making Love In The Rain

(feat. Lisa Keith)

Janet:

Making love in the rain, I can't believe the joy it brings me  
And when I'm all alone, I hear the rain on my window

Lisa:

It's just a little thing, but it means so much to me  
Our bodies together, while the rain plays a melody

Janet:

Every raindrop makes me think of you  
(Wishing you were close to me)

There is nothing that I'd rather do

Both:

Than

Janet:

Making love in the rain, I can't believe the joy it brings me  
And when I'm all alone, I hear the rain on my window

Lisa:

When it's stormy outside, it's calm in my heart, with you in my arms  
And when you're away from me, I wish it would rain 'cause it's always the same

Janet:

Every raindrop makes me think of you  
(Wishing you were close to me)

There is nothing that I'd rather do

(Rather do)

Both:

Than

Janet:

Making love in the rain, I can't believe the joy it brings me  
(I can't believe)

And when I'm all alone, I hear the rain on my window

(On my window)

Janet:

Every raindrop makes me think of you  
(Wishing you were close to me)

There is nothing

(Nothing)

That I'd rather do than

(That I'd rather do than)

Janet:

Making love in the rain, I can't believe the joy it brings me  
(Oh, oh making love)

And when I'm all alone

(All alone)

I hear the rain on my window

(On my window, I hear it rain, yeah)

Janet:

Making love in the rain, I can't believe the joy it brings me

Lisa:

Ooh, ooh ooh yeah

All alone, I hear the rain, I hear the rain

Oh, oh, oh

Oh no here comes the rain

Oh no here comes the rain

Oh no here comes the rain

Oh no here comes the rain
