

Janet, Rhythm Nation

With music by our side
To break the color lines
Let's work together
To improve our way of life
Join voices in protest
To social injustice
A generation full of courage
Come forth with me

Chorus:
People of the world today
Are we looking for a better way of life
We are a part of the rhythm nation
People of the world unite
Strength in numbers we can get it right
One time
We are a part of the rhythm nation

This is the test
No struggle no progress
Lend a hand to help
Your brother do his best
Things are getting worse
We have to make them better
It's time to give a damn
Let's work together come on

Repeat Chorus
