

# Janet, Rope Burn

Mmm. . .my lips hurt

Mmm

Uhh

Oooh

Uhh-oooh

Ooh

Uhh

Ooh

Oh

[CHORUS:]

(tie me)

Tie me up, tie me down

(make me moan real loud)

Make me moan real loud

(take off my clothes)

Take off my clothes

No one has to know

Whisperin I wanna feel a soft rope burn

(no one has to know)

Wanna feel a

Rope burn

When you walked into the room you knew just what to do

Ya coulda gone from door to door but you knew just where to go to

Come into my velvet room and tell me your fantasies

(tell me your fantasies)

The passion in your voice I wanna hear as you start to tell me

While you take the blindfold and tie it gently on me

Don't wanna see but feel the things you're gonna do to me

(wanna feel it)

[CHORUS]

One in the mornin I'm feelin so free and sensual

Lyin here wearin just my imagination for you

Sensation will do

Can you feel the warmth of the fire

Candlelight embrace your body

I'm feelin the hot candle wax drippin down the small of my back

You wanna know what my tongue feels like?

Mmhmm

You like that?

[CHORUS (2x)]
