

Janet, The Magic Is Working

Chorus:

The magic is working, I'm falling in love
The magic is working, I'm falling in love
The magic is working, I'm falling in love
You were sent from heaven above

All of my life
I hoped to find someone like you
So sweet and so kind
Never thought I'd love again
Thought my life had come to an end

And out of the blue
There you were filling my heart
You captured me and
Stood there like a knight in shining armor
You changed my life (you changed my life)
You're such a charmer

Repeat Chorus

(You must have stepped out of magic)

Stepped right out of my dream
Shoot through my life with everything
Never have I felt so strong desire
When I'm with you, I can feel the fire
I've never been in love like this
Fireworks in every kiss
Feels so good, I feel alive
My heart and soul, have been revived

Repeat Chorus

You stood like a knight in shining armor
You changed my life
You changed my life
You're such a charmer
(I want you to know)

Repeat Chorus

The magic is working, baby
I feel so good about your lovin', baby
I feel so good about your lovin', baby
I feel so good about your lovin', baby
