Rock This Girl

{ Written by Jann Arden Richards/Russell Broom }

Hey lover friend of mine  
When you kiss me I feel fine  
When you love me good like you do  
Oh lover feels so free  
When youre here on top of me  
When you got my head in your hands

You rock this girl

Hey lover shut your mouth  
Theyre gonna hear you scream and shout  
Dont forget your mommas upstairs  
Hey lover close your eyes  
Baby let me rock-a-bye  
Gonna take you where she wont dare

You rock this girl  
You rock this girl

Oh lover burn me up  
Dont you ever never stop  
Show me what its like to get high  
Hey lover hold me down  
Push my body round and round  
Give me everything I desire

You rock this girl  
(repeat)
