

# Japan, The Unconventional

Take Position and love will take a stand  
That is the way it goes

No inquisition no cynical demands  
No-one should ever know

Because I&#039;m dancing  
Dancing to your heart  
Dancing to your heart now baby  
Oh what a way to start

Well I&#039;m trying to find  
All the love we discovered  
That is the way it goes

No perversion  
In this unconventional love  
Nothing I&#039;d rather see

No diversion  
In this unintentional love  
No way I&#039;d rather be
