

Japan, The Unconventional

Take Position and love will take a stand
That is the way it goes

No inquisition no cynical demands
No-one should ever know

Because I'm dancing
Dancing to your heart
Dancing to your heart now baby
Oh what a way to start

Well I'm trying to find
All the love we discovered
That is the way it goes

No perversion
In this unconventional love
Nothing I'd rather see

No diversion
In this unintentional love
No way I'd rather be
