

# Jared Leto, Fallen

Yeah!

I've been to Jupiter  
And I've fallen through the air  
I used to live out  
on the moon  
But now I'm back here down on earth  
Why are you here?  
Are you listening?  
Can you hear what  
I am saying?  
I am not here.  
I'm not listening.  
I'm in my head.  
And I'm spinning..  
Is this who you are?  
Some sweet violent urge?  
A weak fallen man  
[A weak fallen man]  
With the promise of an end?  
All the pretty people died.  
Innocence is out of style.  
All the whores have -  
gone away.  
Now there's nothing left for me  
[Now there's nothing left ]  
Why are you here?  
Are you listening?  
Can you hear what  
I am saying?  
I am not here.  
I'm not listening.  
I'm in my head.  
And I'm spinning  
Is this who you are?  
Some sweet violent urge?  
A weak fallen man  
[A weak fallen man]  
With the promise of an end?  
{Instrumental}  
Is this who you are?  
[Is this who you are?]  
Some sweet violent urge?  
Sweet violent urge]  
A weak fallen man  
[A weak fallen man]  
With the promise of an end?.....
