

Jasiah, Earthquake (feat. jxdn)

You want me to fix you, but I can't fix myself
You said, "Babe, I miss you", like it's a cry for help
Do you want me to stay? Do you want me to go? I think I'm going out of my mind
You want me to fix you but I can't fix myself

In my head, in my head, I might go lights out
In the dark, I hear no sound
Seeing red, seeing red, I might scream out loud
But I can't even talk right now

I'm the only one that really knows you
But you're the only one that can control you
In my head, in my head, I might go lights out
In the dark, I hear no sound

You want me to fix you, but I can't fix myself
You said, "Babe, I miss you", like it's a cry for help
Do you want me to stay? Do you want me to go? I think I'm going out of my mind
You want me to fix you but I can't fix myself

I'm in love, I'm in hate, never know what to say
I hold on way too long, please don't push away
Where you tryna go with the flow? But it's froze in the snow
You get high thinking way too low

I'm the only one that really knows you
But you're the only one that can't control you
In my head, in my head, I might go lights out
In the dark, I hear no sound

You want me to fix you, but I can't fix myself
You said, "Babe, I miss you", like it's a cry for help
Do you want me to stay? Do you want me to go? I think I'm going out of my mind
You want me to fix you but I can't fix myself

In the night, in the lights, calling the softness
I'm riding out any day, call it a coffin
Suicide, suicide, always be bluffing
I don't know why, I don't know why
This time I lost what's mine to find
No way to think without a mind
It go on and on and on and
It go on and on and on

You want me to fix you, but I can't fix myself
You said, "Babe, I miss you", like it's a cry for help
Do you want me to stay? Do you want me to go? I think I'm going out of my mind
You want me to fix you but I can't fix myself
Fix myself

Let go, I know, it's like an earthquake
Let go, I know, it's like an earthquake
