

# Jasmine Guy, Sometimes

some people i know  
don't understand  
sometimes it's hard to forgive  
sometimes i wish i was a butterfly  
some unknown reason it's confusing

if my life keeps on changing  
in the end i wouldn't know what to do  
cause i'm that kind of person  
sometimes when i laugh i cry  
it's a emotion i can't explain  
when i smile i feel special

some unknown reason i like to be different  
sometimes things for me never work out  
like the way i expect them too  
some people i know don't understand  
some people i know they don't say  
or judge at all oooooooooooooo

sometimes when i'm alone  
i like to let myself remember good times  
sometimes i feel left out  
sometimes i can't stop my emotions

i never get what i see  
i only get what i see at home  
when i laugh i cry  
when i smile i feel special  
when i make a joke i feel the best ever
