

Jason Aldean, I Believe In Ghosts

I've never been superstitious
I've never feared the unknown
But ever since you left me
I've believed in ghosts
Girl, i believe in ghosts

[Chorus]

Well i'm haunted by a memory
That won't leave or let me go
Call me crazy and i may be
But i believe in ghosts
Girl, i believe in ghosts
I swear i keep seeing shadows
I know that i'm not alone
I feel the temperature dropping
And it chills me to the bone

[Chorus]

Should i be afraid, should i be scared
You follow me everywhere, i'm haunted
Call me crazy Hell i may be
But i believe in ghosts

[Chorus]

I've never been superstitious
I've never feared the unknown
But ever since you left me baby
I've believed in ghosts
