

# Jason Derulo, Bubblegum (feat. Tyga)

Got me 'bout to break my neck  
Tell me how you pop like that  
You do it like it ain't no sweat  
I never seen a bubble so fat  
You do it all day in the mirror  
You practise all day in the mirror  
Left cheek, right cheek, all year  
I'm calling you out, and I hope you hear it

Shawty right there got a ghetto booty  
Shawty right there got a ghetto booty  
Drop a dollar on the floor  
Hope she give it to you  
A ghetto booty  
A ghetto booty  
She got that trunk but she don't look back  
She put it in reverse and I can't be mad  
I can't be mad at that baby fat  
That's a ghetto booty, a ghetto booty

She just wanna pop that bubblegum  
She just wanna pop that bubblegum  
If she keep blinding, might explode  
Never seen a girl like you before  
She just wanna pop that bubblegum

You do it like a professional  
But you point your own schedule  
Look you're so pretty in pain  
Acting like a shit don't stain  
You do it all day in the mirror  
You practise all day in the mirror  
Left cheek, right cheek, all year  
I'm calling you out, and I hope you hear it

Shawty right there got a ghetto booty  
Shawty right there got a ghetto booty  
Drop a dollar on the floor  
Hope she give it to you  
A ghetto booty  
A ghetto booty  
She got that trunk but she don't look back  
She put it in reverse and I can't be mad  
I can't be mad at that baby fat  
That's a ghetto booty, a ghetto booty

She just wanna pop that bubblegum  
She just wanna pop that bubblegum  
If she keep blinding, might explode  
Never seen a girl like you before  
She just wanna pop that bubblegum

[Tyga:]

Shawty right there got a ghetto booty  
Shawty right there got a ghetto booty  
Drop a dollar on the floor  
Hope she give it to you  
A ghetto booty  
A ghetto booty  
She got that trunk but she don't look back  
She put it in reverse and I can't be mad  
I can't be mad at that baby fat  
That's a ghetto booty, a ghetto booty

She just wanna pop that bubblegum  
She just wanna pop that bubblegum  
If she keep blinding, might explode  
Never seen a girl like you before  
She just wanna pop that bubblegum

She just wanna pop  
She just wanna pop that bubblegum  
She just wanna pop that bubblegum

If she keep blinding, might explode  
Never seen a girl like you before  
She just wanna pop that bubblegum
