

# Jason Mraz, Dear Anna

Did the roses never open?  
Are you left to start again?  
Well, not a single tear  
Should fall into the water,  
That you kept them in.

Dear Anna,  
I am the only one,  
Who will love you until the end.  
I-Anna,  
Open your heart again  
And warm me by the fire within

How you gonna face the autumn,  
With the pain your only friend?  
Well, just remember that,  
Before you know the winter,  
You'll know love again.

Dear Anna,  
I am the only one,  
Who will love you until the end.  
I-Anna,  
Open your heart again,  
And warm me by the fire within.

I stand, forewarned,  
Love will change,  
Even the best of friends.  
Ain't nothin wrong with starting over,  
Go on and have yourself a cry.  
Cause I just wanna be,  
The man with arms around you,  
When you dry your eyes.

Dear Anna,  
Well, I am the only one,  
Who will love you until the end.  
I-I-I-Anna,  
Well, open your heart again,  
And warm me by the first within.
