

Jason Mraz, Shy that way (feat. Tristan Prettyman)

You know your stunning
absolutely stunning
and I'm running always running
and now I'm crying
you know only cause I'm caring
and if you were more daring maybe you'd stop staring
and come over and talk to me
and tell me about how you've been waiting patiently
and how you tried but I just turned away
and I'll say, "yeah well you know, I'm shy that way"
shy that way
shy that way
maybe I'm shy that way
you know she's stunning
she's absolutely stunning
but she's always running
but ill catch up to her...
the way she keeps her distance
keepin my interest
so ill keep it consistent
maybe someday, someway, somehow, sometime
we'll get together and we'll break it down
and I'll ask, "why you gotta be so shy, why you gotta be that way?"
well maybe, baby, I like it that way
shy that way
maybe I, like it shy that way
maybe I love you so shy that way
Ok, I'm shy that way...
there's always too much talking
and I wanna just keep walking
and I keep staring, baby, keep staring
though I may not know the right things to say
I'll get it out to you one day
shy that way
shy that way
do you like it? do you like it when I'm shy
yes I like it, yes I like it, when your shy
shy that way
