

# Jason Mraz, What We Want

Words & music by Jason Mraz

I'm older than I look I see the man staring at my ID  
He reads my face and studies lines no plagiarizing  
No copyright. I'm right before your very eyes  
When you say my name I'm suddenly I'm young again  
Young as he thinks I am.

All the words that I hoped you'd say were stated right there in the cafe  
We stayed out late and spoke of the worlds perfections  
This perfect date was headed in the right direction  
Conversation break, we spoke more in the silence  
We got a little lot of what we want

What we want.

I'm so in love finally.  
I waited patiently for all of my life.  
It happened overnight.  
We spoke more in the silence  
We got a little lot of what we want.
