It's been long time since I felt like this  
It's all for rela baby, It's all for real  
Baby baby baby baby, don't you know you're one of a kind  
when I wake up in the mornin'  
Feel so good to have you by my side  
Because of love, I know we're togheter  
Because of love, I know that you're there  
Because of love, I know that I need ya  
Because of love, I know you care  
No one's gonna treat you baby  
No one's gonna treat you baby  
No one's gonna treat you baby like I do  
I know, I know...
