

# Jay Ko feat. Anya, One

One, two...

I know it's getting dark  
you said you gonna come  
i'm checking my time  
i'm feeling so alone  
something in my heart  
tells me i'm right  
just another minute and you'll be by my side / x2

i wanna give you all my love  
i wanna be with you all night long  
i wanna give you all my love  
just be with you

one...

baby don't you know  
i'm still waiting you

two...

there's no reason why i shouldn't be with you / x 2

i know when i'll see you  
i know i'm gonna cry  
you'll wash away my tears with you're smile  
i know when i'll see you  
no matter what you say i know you'll make my day

one...

baby don't you know  
i'm still waiting you

two...

there's no reason why i shouldn't be with you / x 2
