Jay-R Feat. Kyla, Say That You Love Me

My morning starts to shine with teardrops in my eyes And here I am alone starting to realize

That my days would be brighter, if I could learn to hide The feelings that I have for you keep hurtin me inside

Then my days begin with simple thoughts of you

Hoping by tomorrow would be me and you

Sharing dreams with each other

And making them come true

Holding one another, saying all i need is you

Chorus

But will you say that you love me

And show me that you care

Say when I need you, you will always be there

But if you go and leave me

This I swear is true, my love will always be with you Now my nights would end with just one wish that's you

To hold me in the dark and help me make it through

Cause the pain that's inside me, would simply melt away

If I had you here with me and promise me you'd stay

Chorus

But will you say that you love me

And show me that you care

Say when I need you, you will always be there

But if you go and leave me

This I swear is true, my love will always be with you

But will you say that you love me

And show me that you care

Say when I need you, you will always be there

But if you go and leave me

This I swear is true

My love will always

My love will always

My love will always ooh, ooh

My love will always be with you

Bé with you
