

Jay Rock, Wow Freestyle ft. Kendrick Lamar

can we get it how we used to get it
like when top had the red charger?
can we get it how we used to get it
can we get it how we used to get it
like when top had the red charger?

cap on, and I got racks on
spent 4 nights in the country I like
then I take my rich ass back home
blow so bright
I could make moonlight
see this ain't like your pheromones
blew one
big gun
bare tone
who won?
we won
you're home!

we old school like capitol
my old school made doctor not
my old school made hard knock
black on black
my coupe ain't stopped
I ain't ballin' on these hard ctops
I told y'all to cll top
now my number cll blocked
I don't miss
I call shot

hold up
cap on, and I got racks on
and I produced that diesel
I could put Shaq on
Nigga, your bitch gon' leave you
you ain't got backbone
