

Jay Sean, Ride It

(Let me feel you)

It's been about a month and twenty days...
And were going round and round playing silly games...
Now your saying, slow it down, not right now...
Then you wink at me and walk away..

Now, let it be, let it be, let it be known...
Hold on, don't go...
Touching and teasing me, telling me no...
But this time I need to feel you...

[Chorus:]

(Ride it) we are all alone...
(Ride it) just loose control...
(Ride it, ride it) come touch my soul...
(Ride it, ride it) let me feel you...

(Ride it) turn the lights down low...
(Ride it) from head to toe...
(Ride it, ride it) touch my soul...
(Ride it, ride it) let me feel you...

MoVida was the club on the saturday...
Your acting like a diva saying you don't wanna pay...
It's gotta be your price to start...
Raise that brow...
I love it when you look at me that way...
Now when you order a Mohita at the bar...
We applying lippy cuz it came off from the glass...
The DJ plays your favourite song...
Kanyes on...
Now your backing in from me to dance...
Mmmm... pullin me, pullin me, pullin me close...
You close your eyes girl...
Whispering, telling me we gotta go...
Won't you take me home... i wanna...

[Chorus:]

(Ride it) we are all alone...
(Ride it) just loose control...
(Ride it, ride it) come touch my soul...
(Ride it, ride it) let me feel you...

(Ride it) turn the lights down low...
(Ride it) from head to toe...
(Ride it, ride it) touch my soul...
(Ride it, ride it) let me feel you...

Everything was right until her phone begins to ring...
She takes it to the corner, thats when i start wondering...
I can hear her shouting, banging her fist against the door...
Yelling it all over, i couldn't take it anymore...
Then i walk away, and acting i wan't to go chill...
I ain't trying to get caught up in a mess for real...
But she cam around and backed me up against the wall...
She said i know you hurt, but i'll make you forget it all...

[music]

Baby let me feel you...

[Chorus:]

(Ride it) we are all alone...

(Ride it) just loose control...
(Ride it, ride it) come touch my soul...
(Ride it, ride it) let me feel you...

(Ride it) turn the lights down low...
(Ride it) from head to toe...
(Ride it, ride it) touch my soul...
(Ride it, ride it) let me feel you...
