Jay-Z, Lost Ones

Uh, uh, uh, uh It's not a diss song, it's just a real song Feel me?

I heard motherfuckers saying they made Hov Made Hov say, "Ok so, make another Hov" Niggaz wasn't playing they day role So we parted ways like Ben and J-Lo I should been did it but I been in a daze though I put friends over business end of the day though But when friends, business interests' day-glow Ain't nothing left to say though I guess we forgot what we came fo' Shoulda stayed in food and beverage Too much flossing Too much Sam Ralstein I ain't a bitch but I gotta divorce them Hov have to get the shallow shit up off him And I ain't even want to be famous Niggaz is brainless to unnecessarily go through these changes And I ain't even know how it came to this Except that fame is The worst drug known to man It's stronger than, heroin When you could look in the mirror like, " There I am" And still not see, what you've become I know I'm guilty of it too but, not like them You lost one

(Chorus w/ Marsha) [Jay-Z] Lose one, let go to get one Left one, lose some to win some [You lost one] Story Of A Champion, sorry I'm a champion You lost one

I don't think it's meant to be, be But she loves her work more than she does me And honestly, at twenty-three I would probably love my work more than I did she So we, ain't we It's me, and her 'Cause what she prefers over me, is work And that's, where we, differ So I have to give her Free, time, even if it hurts So breathe, mami, it's deserved You've been put on this earth to be All you can be, like the reserves And me? My timing in this army, it's served So I have to allow she, her, time to serve The time's now for her The time she'll mature And maybe we, can be, we, again like we were Finally, my time's too short to share And to ask her now, it ain't fair So yeah, she lost one

Lose one, let go to get one Left one, lose some to win some [Oh yeah, she lost one] Story Of A Champion, sorry I'm a champion You lost one So I'm under the belief it's partly my fault Close my eyes and squeeze, try to block that thought Place any burden on me, but please, not that lord Time don't go back, it go forward Can't run from the pain, go towards it Some things can't be explained, what caused it? Such a beautiful soul, so pure, shit Gonna see you again, I'm sure of it That time, little man I'm nauseous Your girlfriend's pregnant, the lord's gift Almost lost my faith, that restored it It's like having your life restarted Can't wait for your child's life, to be a part of it So now I'm child-like, waiting for a gift To return, when I lost you, I lost it

Lose one, let go to get one Left one, lose some to win some [Colleek, I lost one] Story Of A Champion, Colleek, you're a champion I lost one
