Cause I'm rollin up on fo' flickers
Peanut-butter interior, black body
And in case you didn't know, I be the Twista
Hundred bombs in my pockets, put your ones up
I hear some niggaz lookin at me for the come up
Try to creep creep, I pull a gun up
I put a hole in the first nigga that run up
The ballers be Jay, R, and T
Spit it cold cause the music is a part of me
Can't nobody spit it fast as me
Got an academy of haters comin after me
I know I got what you want, I know I got what you need
Come and mob to the top before you get, this, money
