

Jaydee Bixby, Old Fashioned Girl

She flies me away
Over that mountain
Way up higher
Than I've ever been
She takes me down
Down to the water
To the river of love
Yeah and I'm jumpin' in
She's an old fashioned girl
A little bit like Mama
A little bit like Minnie Pearl
In the middle of a new
Crazy world
She's an old fashioned girl
She rolls down the road
Hand out the window
Not in a rush
Just taking her time
She ain't that worried
That there
Ain't a lot of money
She knows well get buy
On just a dollar or a dime
She's an old fashioned girl
A little bit like Mama
A little but like Minnie Pearl
In the middle of a new
Crazy world
She's an old fashioned girl
Yeah the way
She looks always
Makes me smile
And the way
She loves never goes
Out of style
When my soul flies away
Over that mountain
Way up higher
Than I've ever been
I'll be looking around
For my sweet angel
And the old fashioned
That I've been livin' in
She's an old fashioned girl
A little bit like Mama
A little bit like Minnie Pearl
In the middle of a new
Crazy world
She's an old fashioned girl
A little bit like Mama
A little bit like Minnie Pearl
In the middle
Of a new crazy world
She's an old fashioned girl
She's an old fashioned girl
