

JayMay, You are the only one I love

The first time that I met you I knew
One day I would know you even better
When people tried to tell me, "Do not fall for him"
I told myself, "Don't let them get to you"
You are the only one I love
You are the only one I love
You are the only one I love to love
You are the only one I love
You are the only one I love
You are the only one
The first thing that you said to me was
"Jamie I love you, Jamie I love you, Jamie, Jamie, I love you"
And I've never been one to believe in love at first sight
But now I know it exists
You are the only one I love
You are the only one I love
You are the only one I love to love
You are the only one I love
You are the only one I love
You are the only one
We went for walks through leaves in parks
Your winter sleeve was pulled over my hand
Don't you know I thought of you when on St. Mark's
I saw some other man collecting cans
You are the only one I love
You are the only one I love
You are the only one I love to love
You are the only one I love
You are the only one I love
You are the only one
