

Jaymes Young, Nothing Holy

I never should've treated you like a goddess
But every time I looked in your eyes you know I just lost it
Started praying to you every single night
But you're just a demon in disguise

You're no Jesus Ghandi Mary Buddha
Ares devil soul intruder
I think it's your soul that needs saving

Ain't nothing holy about you
Hey hey hey
Ain't no halo around you
Hey hey hey
Stop pretending you're a saint
Cos you're not worthy of the praise
Nothing holy about you
Hey hey hey

Now that I'm under your spell It's hard to resist
I fall asleep in your rooms and your screams from your closet
Drowning in a sea of your manipulation
Messing with my fate like it's your creation

Just like Kali Hades make me shiver
Judas' bloody bag of silver
Ferry me down your murky river

Ain't nothing holy about you
Hey hey hey
Ain't no halo around you
Hey hey hey
Stop pretending you're a saint
Cos you're not worthy of the praise
Nothing holy about you
Hey hey hey

Dirty devil
Dirty devil
Dirty devil
Oh you can't hold me now
Dirty devil
Dirty devil
Dirty devil
Hoo hoo hoo hoo

Ain't nothing holy about you
Hey hey hey
Ain't no halo around you
Hey hey hey
Stop pretending you're a saint
Cos you're not worthy of the praise
Nothing holy about you
Hey hey hey

There's nothing holy about you
Nothing holy about you
